

This year, your child will participate in Richmond Ballet's *Minds In Motion* arts education dance program. As part of your child's school curriculum, he/she will participate in weekly dance classes throughout this school year with professional teaching artists and musicians. Although *Minds In Motion* is the cornerstone of Richmond Ballet's Education Program, it is not a ballet technique program, but a way to teach students the benefits of applying themselves to a task involving both mental and physical challenges. We would like to share photos and video with you through social media as students prepare for the culminating performances in April. Please sign and return this photo and video release to your child's classroom teacher before the first class on September 13th, 2016.

Photograph and Video Release

Return to your child's classroom teacher by September 13th, 2016

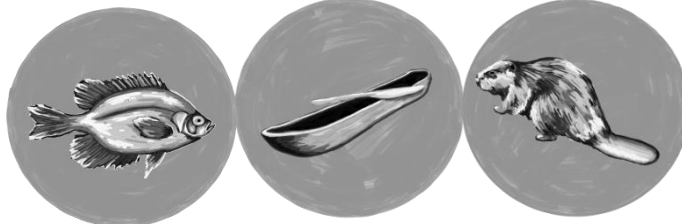

I authorize the making or use of any films or other recordings of *Minds In Motion* classes or activities for any purpose, profit or otherwise, that Richmond Ballet may make or authorize to be made without compensation to me or this child.

I am the custodial parent/guardian of:

_____ and am authorized to grant this permission.
